CAREERS CHRONICLE

This newsletter will provide Blayney High School discussion topics within the class setting about specific KLA ideas and opinions.

Additionally I aim to make it program specific, allowing each student to locate co-curricular events which may help them extend and build upon core knowledge. It also serves to keep students up to date about coming events. I would definitely love some feedback or suggestions to make the information more efficient, accessible and usable.

UNI/COLLEGE/TAFE INFO

COMPETITIONS

Build a Bridge Competition

The Spaghetti Bridge Competition is a problem-solving engineering challenge for students from Grades 7 to 12. Teams have to plan, design and build a bridge from store-bought spaghetti and glue. They come together at a venue to test their bridge's strength on a custom-made rig. The bridge that withstands the most force is declared the winner. We are very excited to announce our 2018 calendar of workshops and events for students and teachers in Queensland, New South Wales and Victoria.

Schools can register groups of students for the Regional Engineering Projects by downloading the bulk registration form by clicking [here](#) (pdf) or [here](#) (MSWord).
