CAREERS CHRONICLE

This newsletter will provide Blayney High School discussion topics within the class setting about specific KLA ideas and opinions.

Additionally I aim to make it program specific, allowing each student to locate co-curricular events which may help them extend and build upon core knowledge. It also serves to keep students up to date about coming events. I would definitely love some feedback or suggestions to make the information more efficient, accessible and usable.

GAP YEAR EXCHANGE

Secondary School Courses and Studying in the USA

US colleges and universities take a **holistic approach** in reviewing a student's application for admission. One of the most heavily weighted components is the transcript, or summary of a student's marks, from every course from year nine – year twelve. These courses will be assessed on student performance and rigour.

UNI/COLLEGE/TAFE INFO

We Need Country Doctors. Check this and see the great benefits. It will change your life.

If you're considering becoming a [general practitioner](#) in rural and remote Australia, you should choose a [Fellowship with the Australian College of Rural and Remote Medicine](#).

The [paths](#) that take you to Fellowship will help you become truly confident in the knowledge that you have what it takes to succeed in the dynamic context of rural and remote general practice.

We understand that training as a rural generalist is as much a lifestyle choice as it is a medical career.

That's why our training pathways and resources fit your life, not the other way around. We offer you:

- flexible study options
- access to training providers across Australia
- ongoing assessment as opposed to a final exam
- ongoing feedback via virtual classrooms
- great job opportunities leading to better pay
- extended skills options in general practice

It's all part of our continued effort to take the isolation out of rural and remote practice. See our easy to understand [step-by-step guide](#) to becoming a [rural generalist](#) and take the first step on your pathway to becoming a Fellow of the College today.

ANU New Admissions for 2020

The way domestic undergraduate students apply to ANU is changing. This new approach will be first in the nation, making it easier for students to choose Australia's national university. The change launches in March 2019 for domestic school leaver applicants who will commence undergraduate programs in Semester 1, 2020. We know students are more than just an ATAR score, we know they are passionate and have unique skills. We know they gain experience through community service, volunteering, working part time, caring for family, participating in school leadership, excelling in sports, creative and performance arts, competitions and more.
